commercials.

But it's getting harder and harder to have tired blood. Or tired muscles, or tired some, or tired anything except tired bank accounts.

That's because mpre and more things are being invested to make it easier and easier for us to put out less and less physical effort — and more and more more,

physical effort — and more and more money.

We can now, for example, sit hour after hour in front of the television set without once getting up or without moving anyhing but our eyes and, occusionally, a figer.

I figer.

I figer.

I figer can switch programs, adjust the picture, courted the volume, turn the set on and off, even silence the commercials — ull by fingering a little gimmick in our hand.

On the highway, we can shift gears with minimal exertion by automatic drive. We can stop effortlessly on a devaluated dime by tipton-pressure power brakes. We can raise and lower the cur win-dows, the radio antenna, the trunk lid, the convertible top, and goodness know what etce, by fidding with little buttons and hings here anothere.

We can heat the house all without ever doing anything up the heat — and paying for it.

Tired businessmen can avoid the toil of changing razor blades by using miracle cutters which, you get the impression, outlast the shaver.

Men are also spared the fatigue of hand-knotting a cravat by wearing one that comes already tied. And the labor of stuffing a pocket handkerchief into a pocket has been eliminated with pre-putfed kerchiefs.

WITH DALE HOPMANN

We were having a hard time understanding why po were paying as much as \$100 to get a seat in the Laning stadium last week for the litanic struggle tween Michigan State and Notre Dama. It mader sesse, we thought, to watch the action for free in own living room, protected from the biting cold and sible sanow furries.

WE KNOW BETTER now. It must have been worth at least a dozen times the price of a ticket just mobile for the benefit of us tube books an average of seven or eight times a quarter. It seems college fortball has adopted a double sead-ord. There are rules for ordinary games, and there are many games when the N.C.A., rule book says it can dearly games when the N.C.A. rule book says it can de should be stopped. It's stopped in televined games when the network producer owes nomeone commercial.

Notre Dame's failure to beat Michigan State la trday just extended by one game Arn Parsi-thoke-up chain. Somehow, Arn always mans-plow the big one.

Northward Dig One.

LAST YEAR it was Mishigan State, 12-3. The year before it was Southern Cal., 20-17. When he was at Northwastern he dien't have a really big folia every gar, as he does at Notre Dame, but when the few op-ortunities mrose for greatness. Ara-coached team sere always unequal to the task.

You don't believe that, do you? Well, how about the 1963 season -- his last at the Wildcut beim?

Northwestern, given a shot at the title and a Rose Bowl trip in the pre-senson predicting, opened with impressive vision over Missouri and Indiana. Then care illinois, and a 16-9 loss. The Wildesta were never the Core of the Core of the Wildesta were never the Core has been supported by the Wildesta. N. U. opened with his straight wins, bombleg. South Carolina. Hillinois, Minescoia, Oiko State. Noter Dame, and Indiana. The 50 record briefed the Cate into frent piece in the Missouri policy.

THEN CAME WISCONSIN and n 37-6 Isabiag that could have been worse but want's only out of durity on the part of the Boget Miehagan State waltzed to a 31-7 win and the Cata were doed in the title trace and for the bowl trip.

Nearly the same thing happened in 1959 when N U. won six straight under Paresphan with wiss over Oxidations, Iowa, Minhora, Iowa, Iowa,

Wisconsin walf the villain then, too, spanking Ara's Cats 24-19 and sending them on a three-game

Now let's understand each other. There are only about 15-20 really ouststanding college head coaches in America, and I do believe Are Purspelhin is one of them. Not among the top 10, of course, but among the top 20. Achead of him are min like Woody Hayes of Ohio State. Bob Blackman of Dartmouth. Dully Dougherty of Michigan State, Dan Devine of Missouri, Rsy Gresse of Florida, Jues Nethy of Rice, Bear Bryand of Alabama. Tom Frodor of U.C. LA and many subtractions.

BUT THERE ARE people today comparing Ara Parsephian with men like Knute Rockne and Fragis Len-by, and there's something wrong with that Rockne. Leaby, Stagg. Pop Warner – those were real man. There are only a few like them today, and one, most segitian. I Rockfird at one, and model probably, never will be the probably of the control of the control

The reason is imply that Ara done, layer it when the pressure is on. It's apparent when his record in remember is on. It's apparent when his record in remember is one of the reason of the Control. While Duff Daspherty jobed, tessed, entertained, and the 'or and 'or a property his obsolution for the camera of the order his obsolution of the Item of the 'or and 'or a property his obsolution of the Item of the 'or and 'o

Ara, on the other hand, couldn't stand the heat, and finally locked the press out of his practices late in the week. One Chicago writer wrota of haw in-irritated" areious samehers of the communication industry with his short, clipped answers and bully statics.

He was the same way while nt Northwestern, but not so many people cared. One writer who did care eaught a Pheraghian panch for his trouble.

The funny thing about Ara's relations with the press is that writers and broudcasters and relocations when the contract of the co

ARA, ON THE OTHER hand, is two-faced with the writers. He'll self them one thing privally, and or landcoon. He say exactly the opposite at a benegat, He locked the press out of his practices last week, but this week the nesuppor gays are number-one with Associated Fress were poll. He's down on the 4 college concludes who, pinh him each week in anning the United Press International's poll leader. They voted him second.
